

## The Concerto: From its Origins to the Modern Era (Paperback)

Filesize: 1.04 MB

### Reviews

*Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*(Bernie Mante PhD)*

## THE CONCERTO: FROM ITS ORIGINS TO THE MODERN ERA (PAPERBACK)

Dover Publications Inc., United States, 2012. Paperback. Book Condition: New. 211 x 137 mm. Language: English . Brand New Book. Sound history, intelligent evaluation, and a good literary style. -- Library Journal Colorful and interesting . a very valuable addition to our rising literature in musicology. -- Saturday Review An excellent and eminently readable history. -- New York Herald Tribune This authoritative survey constitutes the first thorough English-language exploration of the concerto as a musical form. The musical form s long and colorful history is explored in critical terms accessible to lay readers as well as specialists, forming a listener s guide, an important musical study, and a fascinating reading experience. Examining the social, economic, and personal factors that influenced the concerto s growth, author Abraham Veinus also summarizes the contributions of theorists, composers, and musicians and defines the genre s terms and the changing nature. He traces the early development of the concerto as well as that of the concerto grosso, the early solo concerto, classic forms, Beethoven s characteristic use of the form, the Romantic concerto, and the modern concerto. A pleasure to read and a valuable reference, this volume is an ideal companion for musicians, music students, and lovers of classical music.
