The human body is a very, very complicated organism with behaviors and responses to stimuli that can only be described as downright WEIRD! But underneath each of actions and attributes is a scientific explanation that helps us understand and gain a deeper appreciation about ourselves and how we interact with the world around us. So if you re an amateur biologist, a future doctor, or are simply a very curious fellow, come along for a ride through the human body - boogers, blood, bones, and all - and get answers to everything you ever wondered about! AND, as a bonus, you ll also learn some really weird facts to impress your friends with! Here are just a few of the things you ll finally have the answers to: -Why doesn t it hurt when I cut my toenails? -Why do we get gray hair? -Where do boogers come from? -Why do mosquito bites itch? Come, explore, and learn about the GREATEST MACHINE ON EARTH, our body!.
