Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from *Discipleship the Scheme of Christianity* Whoever would set himself to the task of investigating, freely and without prejudice, the Religion handed down to us by our forefathers, must needs lay the foundation of his enquiry broad and deep. Nothing less will suffice than a thorough search and sifting of the original Gospel records, pondering at each step the drift of the teaching of Jesus, and keeping an open mind with respect to whatever is supernatural and miraculous in the narratives. That was the task undertaken by the author some twenty years ago, and the results of his labour have lately been submitted to the public under the title *The King and the Kingdom: a Study of the Four Gospels*. It was essential to his purpose to rely only on the New Testament histories, aided by a few critical translations, and taking as an exponent of the current theology one of the most advanced of the orthodox Commentators of the day. Beyond that, the fewer guides the better, if the writer's meditations were to have the value which attaches to independent and self-evolved thought. Himself among the humblest of students, his book will probably appeal rather to those of his own class than to orthodox theologians or to reviewers whose classical training and rationalistic tendencies justify some scorn of an apparatus criticus which is of the simplest. The reviews which have appeared have been in most cases sympathetic and, on the whole, appreciative, some laudatory, only a few hostile, and the rest neutral.
