Createspace, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Snake Oil: Grow, play, evolve, experience, this world, while recognizing our true essence stretches far beyond it. Jim Ventura's Snake Oil columns express his studies of the insight and guidance of many different kinds of cultural and philosophical perspectives. His essays teach his readers to trust the inner prompts from their Higher Selves. The tangible world is a product of our beliefs. If indeed we create our reality, then we can learn how to create a happier, more empowered reality. Everyone has the ability to shift their perceptions to include the abundant metaphysical influences that are part of every experience. Snake Oil's focus is on expanding consciousness, while still keeping our feet planted firmly on the ground in this world. Jim V. reminds us that we can emotionally and spiritually grow to become progressively more enlightened by opening to the infinite, abundant wisdom, knowledge, and humor in ourselves and in the world around us. Snake Oil Volume One is a collection of the first four years of Jim Ventura's monthly metaphysical columns. This volume also includes Snake Charms: practical information and instruction for meditation, ear coning, lucid dreaming and six other beneficial subjects to assist you in navigating in a world where evolved, alternative thought and therapies are thankfully continuing to progressively become more commonplace.
