This book is what it asks us to be: focussed. It provides a clear and concise path for us to follow if we want to achieve success. Amanda is not in the least prescriptive about what success might mean; she leaves us to work it out for ourselves. However she is clear that for her, working out how to be doing something you love and having time left over for the people who are important to us, is what she wants to achieve for herself. The book sets out clearly how we can go about being successful but it is not all about process. It is also about using our emotions intelligently, in the process. The books claim is to: Learn how you can get what you want using easy, proven and tested success strategies you can implement instantly! It is not just about the approach being mechanical. We need an approach which leaves us feeling good about ourselves and our work and also lets us have other priorities too. We get a bonus chapter called The Chocolate Effect, which immediately made me want to read it! However, it is the Action Station at the end of each chapter, which is the meat of the book(plus very useful bonus resources) Anne Casey **CONNECT TO AUTHENTIC SUCCESS WILL HELP YOU TO:** Gain absolute clarity on what you do and dont want in your life and business Increase your personal power, energy and confidence Increase intuitive...
