Absolutely original, with vivid style, verve, imagination and sharp view points, The Second Declaration is a fascinating vision of future economies, the development trends of future cultures, and the development trends of future mankind. This book is overly stuffed with information covering high technological, anthropological, esthetic, literary, economic, political and scientific histories of the orient and occident all of which allows you to enjoy a luxurious feast of wisdom and knowledge. Peter Drucker, Father of Modern Management said: The next information revolution is not a revolution in technology, machinery, techniques, software, or speed; it is a revolution in CONCEPTS. The Second Declaration ignites this revolution. It elucidates the truth that the future determines the present. Today, in an era characterized by unprecedented changes, it is absolutely essential that everyone learn how to understand the future, cope with the future and manage the future. The Second Declaration teaches us how. Wang...
