Explore with Odysseus the value of happiness, non-existent entities, moral dilemmas, the philosophy of prophecy, and the nature of love among many other philosophical issues. From the author of The If Machine, this book offers stories and session plans suitable for use across the curriculum with children aged 8-16. Online you'll find maps of Odysseus' journey, The Words of Tiresias that provides clues for the children as to Odysseus' progress and an Ancient Greek language workshop with accompanying worksheets. You can use the Storykit section, which provides hints and tips on storytelling skills, to bring the tales of The Odyssey to life and stimulate independent, critical thinking with your class.
