Date :2009-11-01. In recent years, with the implementation of the new curriculum standards, the quality of education in depth, the total primary school review, the proposition is constantly quiz reform, a variety of new ideas, new kinds of questions in large numbers, many of them excellent and innovative kinds of questions, is refreshing. Characteristics of these new kinds of questions are: 1. A new educational philosophy as a guide, the creation of new situations and conditions, focus on basic skills test, focus on development capacity. 2. Questions close to the social life, highlighting the reality, the rich features of the times, and guide students to the community, thinking, learning has been used. 3. Has a strong open and comprehensive, focusing on subject knowledge and the inherent multi-disciplinary integrated contact students the scientific way of thinking and innovation. As these new kinds of questions the proposition novel ideas, unique perspective, reflects the development of quality education, graduate studies across the country so the proportion of papers growing. In order to calm the teachers and students face to face these new questions, updated way of thinking, to improve response capabilities, we organized 68 national brand backbone of primary teaching and research staff and front-line teachers, Beijing, Shanghai, Jiangsu and other developed areas of primary school education total review, focusing on junior high school enrollment in the new kinds of questions a comprehensive collection, analysis and research, a set of well-written Learning the new exam Questions series. This series includes language, mathematics two, each book plates for structural knowledge, to explain the new kinds of questions led training, based on practical, focusing on pro forma. Each...
